

Welcome to Independence Elementary! I just wanted to introduce myself and let you all know I am so excited to work with all of you this upcoming year. As the nurse I just wanted to give you a few suggestions for kindergarten!

1. Teaching children the importance of hand washing before and after they eat, after using the bathroom and when their hands are visibly soiled.
2. Teaching children how to cough into their elbow rather than on their hands to prevent sharing of germs.
3. If your child is taking any prescribed medications there is a form that I need to have completed by their healthcare provider and parent/guardian in order to give it here at school.
4. Lastly, please leave an extra change of clothes in your child's backpack as accidents and spills do happen quite often!

Please do not hesitate to contact me with any questions or concerns. I cannot wait to meet all of you and wish you a wonderful year at Independence Elementary!
